CPR

i tied a rope around my waist
i tend to get lost in your eyes
i took a breath, jumped off the cliff
because you told me to
is it love or suicide?
is it love or suicide?
is it love or suicide?
is it love?

put your mouth to mine,
give me CPR
call it triple nine, give me CPR

i try to run, head for the hills.
if you're a ghost then oh my god
oh can you give me the chills?!
is it love or suicide?
is it love or suicide?
is it love or suicide?
is it love?
are you the one?
my ride or die?
when i'm with you i feel alive
is it fun?
is this a vibe?
is it love?

put your mouth to mine, give me CPR
call it triple nine, give me CPR

hello? 999 what's your emergency?
well... the thing is...
i... i... i... i... i...
i'm in love

oh i'm in love
and you're to blame
yeah i'm in love
and you're to blame
yeah i'm in love
and you're to blame
oh i'm in love
and you're to blame
yeah i'm in love
and you're to blame
(put your mouth to mine,
give me CPR)
yeah i'm in love
and you're to blame
(call it triple nine, give me CPR)

liquidize

lovestruck me down
the fuck am i doing here?
oh you must have me hypnotised
to fall in love with you tonight

i'm not that bothered
when you talk to those other guys
oh cross my heart and hope to die
yeah i just told the biggest lie

so many creatures in the
fucking world
how could i be your one?
be your marshmallow worm?
so many creatures and now it's
just you
how did i get so lucky?
i get so lucky

it's not like me
to fall head over heels
i melt for you - i liquidize
i want you to want me all the time

you say i'm lovely
and you say i'm worth it all
i look you dead between the eyes -
i say i know you are but what am i?

what am i?
what am i?
what am i?

so many creatures in the
fucking world
how could i be your one?
be your marshmallow worm?
so many creatures and now it's
just you
how did i get so lucky to be
loving you

lovestruck me down
the fuck am i doing?

catch these fists

can you catch a medicine ball?
can you catch yourself when
you fall?
you should be careful, do you catch
my drift?
'cos what i really want to know is
can you catch these fists?

man down
level up!
i know all too well just what
you're like
i don't want your love i just
wanna fight

we're on our way to the club
stupid is stupid does
limousine, racking up,
ketamine, giddy up.

man down
level up!
i know all too well just what
you're like
i don't want your love i just
wanna fight

he don't get puss he get the boot
i saw him sipping on dark fruit
this always happens late at night
some guy comes up says
i'm his type
i just threw up in my mouth
when he just tried to ask me out
yeah don't approach me
i just wanna dance with my friends

man down
level up!
i know all too well just what
you're like
i don't want your love i just
wanna fight
i know all too well just what
you're like
i don't want your love i just
wanna fight

(fight fight fight fight fight fight)

man down

davina mccall

i'll be your davina
i'm coming to get you
fetch you from the station
never gonna let you go
it's that kinda love

sipping on ribena
fuck like coca-cola
ask me if i love you
baby you already know
it's that kinda love

days end too soon
when i'm with you
to be with you is but a -

dream about us taking
holidays together
we won't even care if we get
shitty weather
'cos you're like the sun

days turn to months
and months into years
we're growing with the pain
we dry each other's tears you know
you're my sweet baby angel

you know that i would
do anything for you
it's like a dream come true
every day is spent trying to say
something to make you smile

oooh ooooh oooh

i'll be your shakira
whenever, wherever
you know i'll come sailing
through the stormy weather
it's that kinda love

never will i leave you stranded on
an island
you know i will hold you tighter than
a python
oh it's that kinda love

dreams end too soon
when i'm with you
i'd go to hell and back just to
spend an hour with you
just say and i'll come through
it's kinda cold on earth anyway
when you're not around

that's life
(at night i'm staring at the ceiling)
that's love
(thinking about you, am i dreaming?)
if you are a dream then i don't ever
wanna wake up

that's life
(i don't know how to
stop this feeling)
my love
(oh i'm in love you best believe it)
if this is a dream then i don't ever
wanna wake up

jennifer's body

it was a regular day
it was a regular night
we're sitting back of the bus
top of the 75
i'm in way over my head
but i'm enjoying the view
the sky was looking so lovely
i'm just looking at you

we're pulling up to the party
you're looking so cute
you're giving jennifer's body
i'll be needy for you
i'll be the one that you want
i'll be your best little friend
from outta nowhere
i just went and told you

i like you
every day starts and ends with you
hold me down i get high on you
go to sleep just so i can dream
of you

they say we're wasting our time
but we got nowhere to be
let's get the fuck outta here
i wanna run to the sea
you take me into your arms
i look you dead in the eye
from outta nowhere
i just went and told you
i like you
every day starts and ends with you
hold me down i get high on you
go to sleep just so i can dream
of you
i like you
can't you see i'm obsessed with you
want a man? i'll pretend for you
what's a guy like me to do?

will you come back with me tonight
and i will show you what it means to
be loved in real time

now as we lay on my bed
you look so good i could cry
oh i just think to myself
oh what a beautiful life

mangetout

nice try. get out the way.
you're in our way
you bottom feeder
too bad
you couldn't stay
you're in our way

get lost forever
get lost forever
get lost forever
get lost forever

you think i'm pretty
you think i'm pretty cool
you wanna fuck me?
i know most people do
here take this packet
you read it - it says mangetout
i gave you magic beans
i hope you're gonna get out soon

oh man i hope you're gonna
get out soon
i really hope you're gonna get
out soon
oh man i hope you're gonna get
out soon

good job! give you an a
a golden star
you think you're clever?
good god
she took a break
made a mistake
when she made trevor

get lost forever
get lost forever
get lost forever

you think i'm pretty
you think i'm pretty cool
you wanna fuck me?
i know most people do
here take this packet
you read it - it says mangetout
i gave you magic beans
i hope you're gonna get out soon

i really hope you're gonna
get out soon
oh man i hope you're gonna
get out soon

i really hope you're gonna
get out soon

i know you're up at night hunched
over your phone like
a tree atop a hill that's crooked from
the wind that bites
you say you're lost at sea
call the rnli
you're washed up, irrelevant and
standing in my light
you're standing in my light
you're standing in my light
you're standing in my light

you think i'm pretty
you think i'm pretty cruel
you say i scare you?
i know most people do
this is the real world honey -
bienvenue
in spite of everything i guess there's
just no getting through

nice try. now get out the way.
good job!
just take a fucking hint
i said i'll see ya
wouldn't wanna be ya
wouldn't wanna be ya

nice try. get out the way.
you're in our way
get lost forever!

pond song

i was a small town girl
tryna make it big
you were working at the pub
round the corner from the gig
on a late night cat safari
no i didn't see this coming

on the hoof, off the cuff
it hit me like a roundhouse
left hook, upper cut
kiss me once
once for luck
i've never been so
i've never been so deep in love

when i dipped my dogs
into the pond
of your mind i finally found god
when she made you she was
making art
you're so cool, you're so smart
you're so sweet even when
you're sour
i'm thinking 'bout you every minute
every hour
so sweet even when you're sour
you're the sun and i'm a flower

i could be your betelgeuse
and i your bellatrix
the stars aligned and now it's just
you and me and love betwixt
on the hoof, off the cuff
i'm westley, and i'm buttercup
i've never been
i've never been
i've never been so deep in love
deep in love

hold me i'm frozen
sitting by the solent
you're hoping it won't disappear
when we cross that ocean

i've never been so deep in love
deep in love
i've never been so deep in love

pokemon

get lost
get loose
get another round
won't have far to fall
crawling on the ground
my hands and knees
are bleeding out
uh oh oh oh oh

this town this town is the best
i've seen
but nothing hits like you and me
i love you i say casually
uh oh

oh to be yours
to be driving away
baby you got the keys
let me show you the way
i'll be more than a friend
more than a friend to you

you wanna go for a drive?
i don't wanna take it slow
you wanna go for a drive?
isle of wight to tokyo
i don't wanna take it slow
you wanna go for a drive?
all on our own
all on our own

your kiss is all i'll ever need
you taste so sweet like grenadine
you are my favourite human being
uh oh oh oh oh

people will tell you
this feeling will fade
but they don't understand
they're just not on our wave
from the start till the end
every day all i want is you

think about you a lot
ride with me
drop the top
take you down to the spot
let you drive if you want
in control of me now
take a hold of me now
plait my hair just for you
take the reins giddy up
giddy up you want to go faster?
call me the demon headmaster
tell me what you want
i'll be what you want
you just gotta choose me baby
yeah i'll be your pokemon
you wanna go for a drive?
i don't wanna take it slow
you wanna go for a drive?
isle of wight to tokyo
i don't wanna take it slow
you wanna go for a drive?
all on our own
all on our own

(all on our own x16)

you wanna go for a drive?
i don't wanna take it slow
you wanna go for a drive?
isle of wight to tokyo
i don't wanna take it slow
you wanna go for a drive?
all on our own
all on our own
get lost
get loose
get another round
won't have far to fall
crawling on the ground
and our hands and knees are
bleeding out
uh oh oh oh oh

pillow talk

every night i hold my pillow
i wish i was holding you
every night i kiss my pillow
i wish i was kissing you
every night i lick my pillow
i wish i was licking you
every night i fuck my pillow
i wish i was fucking you
it's all pillow talk
hey hey hey
you're kinda cute though
like calamity jane

you're sweet
you're sour
intimidate me?
go on and try it
you're kinda cute though
i'll think about it
just take me shopping
buy me a rabbit — yeah
'cos i get oh so lonely only looking
at your photograph
you know that when i am gone yeah
that is when i want it bad
if you ask me nicely, you know that
i'll let you be on top
practising your origami
fold me over
hit the spot

it's all pillow talk
yeah hey hey hey
you're kinda cute though
like calamity jane

it's all pillow talk
yeah hey hey hey
you're kinda cute though
like calamity jane

to sleep. to dream
to fuck. to feel
you wanna eat me
i'll be your carrot
are you a bunny?
i'll let you have it yeah
at night i go to sleep and you're the
only thing i dream about
when you tell a joke you make me
laugh like so maniacal
i can make you sticky
make you hot screaming
for after sun
i can make you beg
can make you wet like an aquarium

it's all pillow talk

yeah hey hey hey
you're kinda cute though
like calamity jane

it's all pillow talk
yeah hey hey hey
you're kinda cute though
calamity jane

don't speak

i don't speak italian
and i don't speak french
i don't need je t'aime, babe
you know this makes sense
i can say i love you
just by looking in your eyes
i don't need ti amo
but i'll say it if you like
i'll say whatever you like

i don't mind where we're going
if it's your hand baby i'm holding
i don't mind getting old
when it's your hand sugar i get
to hold

the way you move with the tide
the way you move your body drives
me wild
did you want to know why i
asked you
to the beach tonight?
you and me we just fit
yeah we've been going steady
for a bit
i've seen your dark sides and
you've seen mine
somehow though you don't seem
to mind
neither do i

you're the rock to my roll
you're the sand between my toes
sweet baby girl we go like salsa
and doritos
don't you know i'm your biggest fan
i'm gonna love you good and
burden the bad
if you can, if you can

i don't mind where we're going
if it's your hand baby i'm holding
i don't mind getting old
when it's your hand sugar i get
to hold

i don't speak italian
and i don't speak french
i don't need je t'aime, babe
you know this makes sense
i can say i love you
just by looking in your eyes
i don't need ti amo
but i'll say it if you like
i'll say whatever you like

11:21

time goes by
but i feel the same about you since
the day that we first met

it's not like the birds fall from the
sky when i'm not with you
but it feels like they just might
if i just sit around here waiting for
you to return upon the setting of the
sun tonight

i love you like nobody else

it's not like the moon forgets to
shine when i'm not with you
but it feels like it just might
if i just hang around here
promise me you will return upon the
setting of the sun tonight

i know you like nobody else

i know you

time goes by
but i feel the same about you since
the day that we first met

u and me at home

you and me at home again
you and me at home
maybe we could order in
maybe we could grow

baby we're just stoned again
funny how that goes
i'm over everybody else
happy comatose

if i should get sad along the way
remind me it's not so bad
when i'm with you it's all ok

you and me at home again
you and me at home
you and me at home again
you and me at home
maybe we could start a band
as some kinda joke
well that didn't quite go to plan
i say on the radio

now we been stretched
across the world
over land and sea
and there's this big elastic band that
pulls you back to me

if i should get lost along the way
you tell me it's not so bad
when i'm with you i feel ok

you and me at home again
you and me at home
you and me at home again
you and me at home

sometimes i get so sad
and my blue eyes fade to grey
you tell me it's not so bad
you always know just what to say

you and me at home again
you and me at home
you and me at home again
you and me at home

you and me at home again
you and me at home
you and me at home again
you and me at home
